INTRODUCTION AND GENERAL INDEX

R. L. POLK & CO., presents to subscribers and the general public, this, the latest edition of the Providence City Directory which also includes North Providence. (In all, R. L. POLK & CO., and its affiliated companies publish more than 1,300 different Directories).

Confidence in the growth of Providence's industry, population and wealth and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting cities and communities to the world.

The enviable position occupied by R. L. POLK CO.'S Directories in the estimation of the public throughout the country, has been established by rendering the best in Directory service, with an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional people and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Directory will fulfill its mission as a source of authentic information pertaining to the area.

Four Major Departments

The four major departments are arranged in the following order:

I. THE BUYERS' GUIDE constitutes the first major department of the Directory, printed on yellow paper. In the first section of this department, grouped under appropriate headings, are included the advertisements and business cards of firms and individuals desiring to make a complete presentation of their products or services. Following this is the Classified Business Section, which embraces a list of the names and addresses of all business and professional concerns of the city, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the city. The Buyers' Guide represents reference advertising at its best, and merits the attention of all buyers and sellers seeking sources of supply or markets for goods. In busy and diversified communities the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES, of residents and business and professional concerns is the second major department, printed on white paper. This Directory aims to show the name, marital status, occupation, and address of each adult resident, and the name, official personnel, nature, and address of each firm and corporation.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, is the third major department, printed on green paper. In this section, the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residents and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of owner occupied homes, the listing of telephone numbers, new householder symbols and Zip Code numbers.

IV. THE NUMERICAL TELEPHONE DIRECTORY is the fourth major department, printed on blue paper.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. The publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for reference as perpetual and reliable advertisements.

The Providence Directory Library

Through the courtesy of the publishers of the City Directory, a Directory Library is maintained in the offices of the Chamber of Commerce, for reference by the general public. This is one of many Directory Libraries installed in cities and towns throughout the United States and Canada through the courtesy of your publisher.

The publishers appreciatively acknowledge the recognition by those progressive business and professional people who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

R. L. POLK & CO.,
Publishers.

Common Sense About City Directory Circulation

THE TRUE VALUE of advertising circulation is
circulation consulted.

TO BE EXACT by actual survey in twenty-four
average American cities by actual count
each Polk Directory averaged three and
one-half consultations for each business
day.

TO BE CONSERVATIVE we will eliminate the
sixty Sundays and Holidays when no
tests were made.

FOR EVERY THOUSAND DIRECTORIES sold
there will be an average of three and
one-half consultations for each book for
THREE HUNDRED and FIVE days, there-
fore $1000 \times 3\frac{1}{2} \times 305 = 1,067,500$.

Study all directory advertising invoices carefully

Business and Classified Directory publishers under various names have flooded our mails for several years with solicitations resembling City Directory invoices. Most such solicitations state that they are not invoices, but nevertheless business people frequently overlook this and process them for payment.

What seems like an invoice may really be a carefully worded proposal for service — of an indefinite nature — and questionable value — to be rendered in the future, *if you pay in advance*. If in doubt, check with your local Better Business Bureau, or your established City Directory publisher.

Before you invest, investigate!

Out of Sight--Out of Mind

☆ Out of Business ☆

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. Insist on being well represented in its pages.
